## Local Health Care Facility to Close

Nurse Practitioner Jean Herd is closing the family health care facility she has been operating in the medical clinic building on S. Logan Street owned by the Town of Kewanna. Herd reported this information to the town council when it met Thursday evening, February 2. She noted that patient volume has not increased enough to make the endeavor feasible. She has accepted a position with Woodlawn Medical Professionals in Rochester. She noted her patients are welcome to call her at home to consult with her and she plans to make home visits to her elderly patients when necessary.

Alan McPherson presented a petition to the council asking it to close portions of streets and an alley bordering his lot on Shorty Street. He was asked to submit a notarized request to the clerk and place a newspaper advertisement concerning the request. The clerk will notify adjacent landowners of the petition.

Assistant fire chief, Tony Pesaresi, gave the January fire department report citing 10 town calls involving 61.5 man-hours and two township calls involving 49.5 man-hours. Training included CPR re-certification.

Brian Shafer reported on water meter options. The council agreed to stay with the ADE meters and okayed the purchase of a new meter reading wand.

The council signed the fire contract between the Kewanna-Union Township Fire Department and Harrison Township in Pulaski County.

A resolution was passed requiring that only items costing \$2,000 or more be recorded as fixed assets for the town or listed on the depreciation schedules for the water and sewage works.

Transfers were approved from the general fund and motor vehicle highway fund to the rainy day fund.

May 5 was set as townwide clean-up day. The council also hopes to arrange for a tire collection day the same date.

The replacement of the police department's sign at the Youth League Park was okayed.

Reports were submitted by the marshal and town superintendent.

The marshal's report noted 11 traffic warnings, two juvenile arrests (one battery), 44 calls answered and 1,633 miles patrolled.

The superintendent reported that since the winter has been mild thus far, they have been able to do a lot of maintenance on town equipment including the generator, tractor and dump truck. The box sander was cleaned up and put in storage and a new tailgate sander put on the dump truck. Work was done on the water works control panel at the town hall. A spare grinder pump was installed at the No. 2 lift station and the last pump taken in to be rebuilt. The annual

Department of Natural Resources report was completed showing that the water works pumped a total of 16,963,000 gallons of water during 2005. The year-end wastewater calculations show that the sewage works land-applied 14.9 million gallons. The influent total was 16.5 million gallons. Influent flows for 2004 was 19.7 gallons so the superintendent believes the smoke testing and subsequent repairs and adjustments made by property owners and the town helped cut back on the flow into the sewage collection system. The water works pumped a total of 1,154,800 gallons of water during January.

## Hope Hospice Offers Service

Talking about end of life issues can be uncomfortable, so it often gets put aside. But if your loved ones have to make a decision about your health care for you without any previous guidelines, it will become a far more uncomfortable situation for them. It is easier to talk to your loved ones about your health care wishes sooner than later, and an "advance directive" can also help to bring some peace of mind to your loved ones during an already difficult time.

There are several types of tools available to help you express your wishes about your health care. An advance directive is a general term that includes such things as a Living Will and a Healthcare Representative. You may pick up advance directive forms at the Hope Hospice office, 420 Main St., Rochester, Monday through Friday, or you may log on to the Hope Hospice website ([www.rtccl.com/~hospice](http://www.rtccl.com/~hospice)) to print a copy. There is no charge for this service.

There probably will always be some gray and fussy areas about life sustaining treatments and care at the end of life, and your physician can help you understand and clarify your choices in your specific circumstances. But, your choices and your opinions can not be followed if they are not communicated.

You can contact the Friends of the Fulton County Parks at Box 462, Rochester, IN 46975. With the help of the entire community, enough funds can be raised to open Prairie Edge this summer.

## Telephone Scams

Indiana joins a list of several other states whose residents have been targeted by scam artists attempting to obtain bank account information, according to Indiana Attorney General Steve Carter.

Callers representing themselves as from Nationwide Verification Office are calling Hoosiers and selling them a story that their bank accounts have been compromised and it's necessary to verify their routing numbers and other personal information. Residents are warned to never give their banking information to a telephone caller. If you get such a telephone call, call your bank immediately and also report it to the police department or sheriff's office.

Locally, a resident received a telephone call Sunday evening from an individual identifying himself as an AT&T service technician who was conducting a test on the telephone lines. He stated that to complete the test they should touch nine (9), zero (0) and the pound sign (#) and then hang up. Upon contacting the telephone company, the resident was informed that by pushing 90#, it gives the requesting individual full access to your telephone line, which enables them to place long distance calls billed to your phone number. They were further informed that this scam has been originating from many local jails/prisons. If you receive such a telephone request, hang up and call your telephone company and law enforcement authorities immediately.

## LOCALS

Tom and Barb LaFollette spent a recent Saturday in LaPorte with their son, Chris LaFollette and his family. Tom, Chris, Mike, Michelle and Rebecca made it a movie trip day. Afterwards, they joined the rest of the family for some homemade corn squaw soup. Tom and Barb spent the night and went to the 6:30 a.m. Mass where Mike was helping with communion. After communion, Mike gave a speech that his grandparents were quite proud of about what Catholic education meant to him, as follows:

Hi, my name is Michael LaFollette and I'm a sixth grader at Queen of All Saints School. I would like to tell you what my Catholic education means to me. My Catholic education helps me learn more about who I am, and what I should do in life. It helps me understand better the idea of right and wrong. It helps me decide how I should live my life. Catholic education helps me learn more about what I feel I should know. It gives me what I need to know and more. It means my future. It means by education. It means love.

Sunday afternoon, Tom and Barb stopped for a visit with their daughter, Karina Bohac, and her family in Rochester. Their granddaughter, Shelby, returned home with them to spend the night. Karina gave Tom and Barb a copy of a composition written by Shelby for her basic comp class. She was given 45 minutes to complete the writing. Her composition was entitled *My Summers* and is as follows:

When I think of summer I think

of flowers, laying in the shade, ice tea, bright green colored grass, blue skies and clouds that I used to make pictures in my head while laying in the grass. I also think of two places: Eddie's house and my grandparents' house. Summers would have never been the same without them. I have memories that I will always remember from the summers of golden times in my past.

Eddie's house was clear out in the middle of nowhere. It was Hannah's mom's boyfriend, and I went out there quite often to visit Hannah. The house was all white and had flowers everywhere on the front porch, back porch, the garden, under the trees, by the shed, beside the garage. Well let's just make it short and say they were everywhere. Not only were the flowers beautiful, they also had an orchard of apples and pears. The orchard wasn't very big yet still the place lit up in beauty. What I remember most there was lying out in the grass while it was raining to ease our sunburns from being outside too long. And riding our bikes to the river. I will never forget how free I felt, it was like I threw away my stress. I could finally breathe.

My grandparents' house was about the same; it was like another breath of fresh air. It was almost like going back into the fifties. When I wasn't at Eddie's I was here. The place lit up in

color. It was gorgeous even more so than Eddie's house. It had decks everywhere, and it was right beside the lake. Most of the days my summers consisted of swimming, tanning, or going on the boat. A lot of times fifties music was playing through outside speakers. The grass couldn't be any greener, and the flowers couldn't have bloomed any brighter. The sweet tea always seems just a bit sweeter, and the sun always shines just a bit more. When it rains the roof always sings it's beat as the water droplets hit it and as you look out into the lake the rain dances on the water. My grandparents' house seems all so laid back; maybe that's why I am so in love with it.

Their house is my summer and no matter what, I will always be looking forward to it. No matter how old I get, I'll still want to go do the little things I did then. I'll still want to ride by bike to Whitey's bait shop to get a pop, even if the place stinks. I will still always want to collect rocks and throw all of them in the lake one by one to watch them sink to each rock's destination. Nothing will stop me from listening to fifties music, from looking back and reminiscing about what created just a little part of who I am

today. It was summer time and without it, well, I just don't know what I would do.

## National Survey Advisory

A federal survey to track the patterns of drug use will take place during 2006 and will include households in Indiana.

The National Survey on Drug Use and Health (NSDUH) is a legitimate survey that is sponsored by the Substance Abuse and Mental Health Services Administration

(SAMHSA) and is conducted by the Research Triangle Institute (RTI).

During the year, about 200,000 households in the country will be asked to partake in the confidential survey, however, participation is voluntary. Households are selected randomly and a packet of information about the survey is sent to those households prior to having the survey conducted.

An employee of RTI will go to the selected household and a member of the household over the age of 18 will go through a brief screening interview to determine if someone in the household is age 12 or older and eligible to participate in the survey.

To take the survey, the RTI employee will provide a computerized device for completion of the survey. The employee never knows the answers to the survey and no names are taken during the interview. Those who agree to participate in the survey have the right to not answer any question in the survey.

Those completing the interview will receive a \$30 payment.

## Letter To The Editor

Dear Editor:

It is with great anticipation that I write this letter to remind the Fulton County people about the upcoming Valentine's Day Singing Telephone event this year. As in the past seven years, the Community Foundation will be offering a special opportunity to have a musical message of love delivered on site to a relative, a shut-in or a friend. By so doing you will also be helping support the good works that the foundation does.

Instrumentalists Brent Evans, Richard Briggs, Mark Spencer, Elaine Bye, Dave Ewick and Wanda Howard will be volunteering to lead the groups made up from some of the Fulton County Chorus members and other professionals. They will be helped by many other volunteers. Also the RHS high school choirs will be traveling to both nursing homes to send notes of love and good cheer.

Included with the singing telegram (on site) is a song that will be dedicated on WROI to the recipient. So be sure to listen to WROI on Valentine's Day just in case your name comes up as a recipient.

It is simple to order the singing telegram (plus the radio song). Just call the foundation at 224-3223 or 223-2227 or ask any board member. Other numbers are: Marilyn Fritts at 223-7692, Glenda Bode at 653-2798 and Phyllis McGurk at 223-5139. The Fulton County Community Foundation wishes everyone a happy and musical Valentine's Day! May you be the lucky recipient of a musical telegram! Remember, the big day is next Tuesday!

Thanks,  
Singing Valentine Event  
Committee

## PUBLIC NOTICE

### NOTICE OF REAL PROPERTY TAX SALE

FULTON COUNTY INDIANA  
BEGINNING 10:00 am 03/10/2006  
Commissioner's Room, Fulton Co Annex Bdg.  
TIME

### STATE OF INDIANA

Fulton County

Pursuant to the laws of the Indiana General Assembly, notice is hereby given that the following described property is listed for sale for delinquent taxes and/or special assessments. The county auditor and county treasurer will apply on or after 02/22/2006 for a court judgment against the tracts or real property for an amount that is not less than the amount set out below and for an order to sell the tracts or real property at public auction to the highest bidder, subject to the right of redemption. Any defense to the application for judgment must be filed with the Fulton County Circuit Court before 02/22/2006. The court will set a date for a hearing at least seven (7) days before the advertised date of sale and the court will determine any defenses to the application for judgment at the hearing. Such sale with be held 03/10/2006 at the Commissioner's Room, Fulton Co Annex Bdg. and that sale will continue until all tracts and real property have been offered for sale.

Property will not be sold for an amount which is less than the sum of:

- the delinquent taxes and special assessments on each tract or item of real property; and
- the taxes and special assessments on the real property that are due and payable in the year of the sale, whether or not they are delinquent; and
- all penalties due on the delinquencies, and
- an amount prescribed by the county auditor that equals the sum of:
  - twenty-five(\$25) for postage and publication costs; and
  - any other costs incurred by the county that are directly attributable to the tax sale; and
- any unpaid costs due, under subsection (b), from a prior tax sale; and

\*\* The current year (2005 pay 2006) taxes and special assessments are estimated. This estimate is calculated by adding five percent (5%) to the 2004 pay 2005 taxes and special assessments. When actual 2005 pay 2006 taxes and special assessments are available, the minimum sale price will be modified to reflect actual taxes and special assessments. If actual taxes and special assessments are not available by the advertised date of sale, the estimated amount of taxes will be used to determine the minimum sale price. When actual 2005 pay 2006 taxes are available, the adjustment to the minimum sale price may result in additional funds being paid to the county of funds being returned to the tax lien purchaser. The holder for the tax lien certificate may apply for tax deed at the expiration of one hundred twenty (120) days.

No property listed below shall be sold if, at any time before the sale, the Total Amount for Judgment is paid in full. If the real property is sold in the tax sale, the amount required to redeem such property will be 110% of the minimum bid for which the tract or real property was offered at the time of sale, as required by IC 6-1.1-24-5 if redeemed more than six (6) months after the date of sale, or 115% of the minimum bid for which the tract or real property was offered at the time of sale, as required by IC 6-1.1-24-5 if redeemed more than six (6) months after the date of sale, plus the amount by which the purchase price exceeds the minimum bid on the real

property plus ten percent (10%) per annum on the amount by which the purchase price exceeds the minimum bid on the property. All taxes and special assessments upon the property paid by the purchaser subsequent to the sale, plus 10% per annum interest on those taxes and special assessments, will also be required to be paid to redeem such property. In addition, IC 6-1.1-25-2 (e) states the total amount required for redemption may include the following costs incurred and paid by the purchaser or the purchaser's assignee or the county before redemption: (1) The attorney's fees and cost of giving notice under IC 6-1.1-25-4.5. (2) The costs of title search or examining and update the abstract of title for the tract or item of real property.

If the tract or item of real property is sold for an amount more than the minimum bid and the property is not redeemed, the owner of record of the property who is divested of ownership at the time the tax deed is issued may have a right to the tax sale surplus.

The Auditor and Treasurer specifically reserve the right to withhold from the sale any parcel which has been listed in error, or which otherwise become ineligible for sale either prior to 03/10/2006 or during the duration of the sale.

This notice of real property tax sale, and the tax sale itself are undertaken and will be conducted pursuant to the requirements of the laws of the State of Indiana which regulate the sale of land for delinquent taxes, pursuant to I.C. 6-1.1-24-1 et seq.

The Auditor's Office does not warrant the accuracy of the key numbers or street addresses published herein and any misstatement in the key number or street address does not invalidate an otherwise valid sale.

## State Representative

**ERIC A. GUTWEIN**

District 16

(STATEHOUSE) – We are at the midway point of this year's session where we have been working hard through the long nights and deliberating on many bills proposed by members of the House. Thursday was the deadline for the Indiana House of Representatives and pass to the Senate for further discussion.

I am pleased to announce that the House has passed House Bill 1378, which amends Indiana's law to provide for the corn checkoff to be collected when corn is sold. This bill allows the Corn Marketing Council (CMC) to use the corn marketing account and changes the duration of the time the council has to take action. This bill will change the per bushel assessment from one-half of one cent to one-half of one percent of the net market price.

The bill also requires 30% of the revenue collected from this fee to be distributed to the Indiana Economic Development Corporation (IEDC) to be used as incentives for development of new ethanol plants that have majority leadership in Indiana. This program will provide approximately \$6 million in checkoff funds annually to support Indiana's corn industry.

I believe it is important that we preserve our industry by providing funds for research and new development. This will not become a mandatory checkoff and is completely voluntary with refunds provided if necessary. The bill has received support from the Indiana Corn Growers Association (ICGA) and the Indiana Soybean Growers Association (ISGA).

The House also passed House Bill 1349 by a vote of 54-28. This bill was a compromise with the Department of Natural Resources (DNR) to allow existing fenced hunting facilities to remain open. Under previous administrations, DNR had stated in letters that these operations could remain open; however the new administration was going to close all the facilities on March 15, unless legislative action was taken. With this bill, the existing facilities are able to remain open until 2013, which is when they would be prohibited. No new facilities are allowed to be opened.

Many of these businesses had recently invested hundreds of thousands of dollars because DNR had stated as recently as 2004 that they could remain open. It would not be fair of us to simply shut these facilities down immediately. This bill will allow for businesses to recover any investments and close within the given time frame. I believe this is a reasonable compromise and it is also likely that these facilities will close before the 2013 deadline.

I would also like to discuss with you a decision made by Speaker of the House Brian C. Bosma concerning the healthcare plan for retired legislators of the House. A few weeks ago, he signed an

agreement advising legislators that he had changed the current healthcare plan. I believe the speaker made a fair decision to change this plan to one that is similar to all Hoosiers. The new program will require that retirees will participate in the Federal Medicare program as all other Hoosiers. Retired legislators will now have a Medicare supplement that will be paid for at their own expense, without the contribution of any state dollars.

We have five weeks left in the 2006 legislative session. I can't believe how fast we are moving and how much we are accomplishing. I hope you continue to follow along as we progress through the remainder of the session. If you have any questions or concerns, please do not hesitate to contact me.

## Calabrese Announces Candidacy for Prosecuting Attorney

Jeanene Calabrese returned her professional legal practice of criminal and civil law to Pulaski County January 1 and is seeking her third term as prosecuting attorney for Pulaski County. She field for her candidacy at the Office of Indiana Election Division in Indianapolis January 19. Calabrese is the last Republican to serve as Pulaski County prosecutor and held the office from January 1, 1995 through December 31, 2002.

On January 1, 2003, she accepted the high profile position of deputy prosecutor for felonies with the St. Joseph County prosecutor's office in South Bend. During her three years of commuting from Winamac to South Bend, she successfully prosecuted felony criminal cases including murder, conspiracy to commit murder, robbery resulting in serious bodily injury, burglary, theft and prostitution. She successfully tried and convicted numerous felons in jury trials

including ten murder convictions. She has also served as a senior prosecuting attorney for the State of Indiana and practiced civil law with the firm of Lyons, Sullivan and Brooks in Valparaiso. She resigned from her position as deputy prosecuting attorney with the St. Joseph County prosecutor's office December 31, 2005, to return professionally to Pulaski County and to seek a third term as prosecuting attorney.

Calabrese practices both civil and criminal law and is the public defender for Pulaski Superior Court and appointed counsel in Pulaski and Starke Circuit Courts.

She and her husband of nineteen years, Joe Calabrese, who is a local business owner and their family, have remained residents of Pulaski County, living in Winamac. They are active in school and community affairs and events and are active members of St. Peter's Catholic Church. She has served as president of the Pulaski County Republican Women's Club, president of the Pulaski County Drug Free Council, a member of the Pulaski County Child Abuse Prevention Council and chairman of the Indiana Council of Prosecuting Attorneys.

She believes her work record and experience will bring to the prosecutor's office and the criminal justice system, resources, approaches and knowledge in the prosecution of crime that will better serve the people of Pulaski County.

## Town & Country CHATTER...

By: Julie Brown (574) 653-2451

Lawrence and Mabel MacLain have returned home after spending the month of January in New Orleans with their son, Jeff MacLain, and Tommy Nicholls. The couple enjoyed the nice, warm weather and the good food. They visited places like Chalmette, Lakeview, lower Ninth Ward, Bay St. Louis, Biloxi and Gulfport and saw lots of hurricane and levee flooding damage. According to the MacLains, there are no words to describe what they saw. Not even pictures tell the true story. They noted it was sad to see all the FEMA trailers just setting, not hooked up for people to live in. They also saw lots of tents that people were living in. Jeff, who lives in the Orleans parish of Algiers on the Westbank, had some hurricane damage. Everywhere you looked you could see blue roofs on the houses. A lot of places still don't have electricity or street lights, namely the lower Ninth Ward. The MacLains returned home in time to see it snow!

Tim Cogdill of Macy stopped Tuesday morning, February 2, to visit his mother, Ruth Cogdill. They enjoyed a wonderful visit, catching up on all the family news. Ruth enjoyed looking at pictures of Michelle and Derek's wedding which Tim brought.

Ruth shared her pictures of Mike and Ingrid's (her son and daughter-in-law) recent trip to Las Vegas, Nevada.

Ruth Cogdill had a surprise visitor Friday evening. Dropping in to see her grandmother was Renata Crissinger of Winamac. Renata was on her way home from Logansport when she stopped in to say hi.

Jerry and Kay Brown and Kay's mother, Mary Kay Williamson, were in Rushville Friday evening to attend the Rushville vs. Greensburg basketball game. The Brown's son, Kerry, is the Rushville coach. They remained overnight as guests of Kerry and his wife and enjoyed breakfast at the Cracker Barrel in Greenfield.

Mark Kimble and his friends, Mandy and Steven Curtis, were recent weekend visitors in Kewanna. They came to attend the Caston basketball game and to surprise Mark's sister, Brittany, who participated in the cheerleading performance put on by Caston cheer clinic participants. While here, Mark also visited with his grandparents, Damon and Dorese Grandner.

Jerry and Kay Brown and Bob and Rose Metzger attended a belated Christmas party Saturday at the Memorial Coliseum in Fort Wayne hosted by Pioneer Seeds. They also attended a hockey game at the coliseum between the

Fort Wayne Comets and the Elmira (New York) Jackals.

A surprise birthday party was held Sunday in the Life Care Center dining room for Virginia Agnew. After much "chit chat", ice cream and cake was enjoyed. Helping Virginia celebrate the occasion were her husband, John, who is a patient at Life Care for therapy; Ed and Marsha Tomerlin and Ashlyn of Hebron; John and Pam Agnew, Jarrod and Amy Agnew, Zachary and Alexis, and Jeff and Tina Agnew, Shayna and Kayleena, all of Rochester; and Jeremy Agnew and friend, Angie, of Westfield.

Those persons who will be having birthdays next week (so please remember to give them your best regards) are: Dan Kelly, Feb. 12; Brooklyn Hickie, Emma Kay and Jada Powlen, Feb. 13; Amanda Clemans, Debbie Cogdill, Karen Cunningham, Chelsey Dague, Leonard Evers, Maggie Hickie, Kara Smith, Jane Teeter and Brent Wagoner, Feb. 14; Les Brady, Jeff Douglass, Bob McKinney and Cindy Young, Feb. 15; Kourtnee Baird, Melanie Berry, Anthony Haimbaugh and Lawrence MacLain, Feb. 16; and A.J. Gallagher, Drew Gallagher, Jake Gallagher, Garrison Hickie,

Grant Hickie, Ron Lockhart, Ian Ton and Regen Ton, Feb. 17.

There are four couples who will be celebrating their anniversaries next week: Mr. and Mrs. Floyd Fraser and Mr. and Mrs. Rex Urbin, Feb. 12; Mr. and Mrs. Ryan Craig, Feb. 14; Rev. and Mrs. Ronald Purkey, Feb. 16; and Mr. and Mrs. Earl Vance, Feb. 17.
